for Christmas at 1.30pm**

20th December – 3rd  
January  
**Christmas Closure**

Tuesday 4th January  
**Re-open**

## 'I Attend' Voucher Scheme

This week, we launched a new attendance reward initiative in school. For each week of perfect attendance (no lates, no absences) achieved by your daughter, she will receive one 'I Attend' voucher. Students will be able to collect these vouchers and exchange them for benefits that include chip day queue jumpers, tickets to lunchtime movie screenings, purchases of stationary from our new school shop or discounts on special items / events, e.g. year books and prom tickets.

## I ATTEND

### Therefore

- ★ I learn,
- ★ I progress,
- ★ I participate,
- ★ I contribute,
- ★ I feed my curiosity,
- ★ I achieve,
- ★ I grow in confidence,
- ★ I am ambitious,

Penwortham Girls'  
High School

We know that success in school, whether that is success in sports, music, art or in exams, starts with great attendance. Secure research also shows that school absence can be a major contributor to a number of emotional, health and wellbeing challenges, including low mood and feelings of isolation/loneliness. We also appreciate that Covid temporarily changed the attendance equation, with parents understandably airing on the side of caution when their daughter's felt unwell. However, with now over two-thirds of our school population either vaccinated or Covid-recovered, transmission rates amongst our students are expected to fall. Of course, we will also continue to apply transition control measures, such as mask wearing, for as long as is necessary.

School has been in full Covid-recovery mode since September, with revised schemes of work aimed at tackling any home learning gaps. A new personal development calendar has also been introduced, to ensure our students get to enjoy and benefit from the wider cultural and social aspects of school life, culminating last term with our first 'Literature and Language Festival'. Our GCSE intervention programme is up and running, with a calendar of targeted small group support sessions timetabled to begin post November. Clearly, students are only benefitting from these actions if they are in school.

If you have any good ideas of affordable rewards which you believe will encourage full attendance, drop me an email at [b.ward@penworthamgirls.lancs.sch.uk](mailto:b.ward@penworthamgirls.lancs.sch.uk).

## Valedictory Dinner 'Class of 2021'

On the evening of Thursday 21st October, it was at last time to say our goodbyes to our previous Year 11 at their farewell prom held at the Barton Grange Hotel.

The girls began to arrive, looking resplendent in their gowns and suits. It was great to see them all looking so amazing and already some of them were hard to recognise from our blue-jumpered pupils of just a few months before. The weather was against us, howling wind and driving rain greeted most of them as they were dropped off, but that didn't dampen the warm and friendly atmosphere of the event.

Prior to the meal, it was great to chat to the girls, finding out about college courses, new interests and friendships. Dinner was delicious and was promptly followed by some table competitions to get the party started. Both the fun photo booth and the official photographer were a great success.

The DJ kept the entertainment going, even encouraging staff participation and performances. Girls and their partners danced the night away and many a high heel was discarded in the process.

It was a fantastic evening with lots of happy faces. A fabulous finale to their time at Penwortham Girls' and more than well-deserved following all their hard work over this unique and challenging year. We look forward to seeing them all again at our Awards evening on November 11th.

## Meet our Trainee Teachers!

### Mr Tuca

I am pleased to join the Penwortham Girls' High School's staff, as part of my teacher training programme.

I am a classically trained violinist. I am a certified ABRSM (Associated Board of the Royal Schools of Music) instrumental teacher and have over ten years' experience of teaching the violin and chamber music. I hold a Master's degree in Music in Solo Performance with Distinction from the Royal Northern College of Music.

Over my twenty-seven years of violin playing, I have received numerous national and international prizes and awards.

I have performed as a professional soloist, chamber musician and orchestral player internationally and also with the BBC Philharmonic, Liverpool Philharmonic and Royal Northern Sinfonia at the Bridgewater Hall, Duke's Hall, St. John's Smith Square, Purcell Room, Queen Elizabeth Hall, Wigmore Hall, Albert Hall, to name but a few.

I would now like to extend my portfolio career into secondary school music teaching, to inspire the next generation about the wonders of music.

### Miss Batty

My name is Miss Batty and I am super excited to be joining the Maths department at Penwortham Girls' for my first teaching placement. Prior to my teacher training, I was finishing my PhD at the University of Nottingham, alongside bits of teaching and working with children through educational charities. When I finished and decided to move back home to Preston, I knew that I loved teaching and really wanted to continue to help children grow to be their best selves. With that in mind, there was only one option! It's lovely to get to help students explore and understand Maths. I've been very impressed with the girls' skills already and I look forward to seeing and helping to develop even more of those mathematical skills in my time here!

## Religious Education Department News

### Spirited Arts Competition: Year 9 – What is Spirituality?

The year 9s have been studying contemporary forms of religion, including spirituality. Each class came up with their own definition of spirituality but we discovered spirituality can mean something unique to everyone. Students were given the challenge of creating an artistic representation of their interpretation of spirituality in the form of poetry or art work. The RE department were blown away by the entries. Here is small sample:

The RE subject prefects found it so difficult to choose the winners, that we decided to award prizes to the top 5 rather than just the top 3. Here's why the chosen 5 were picked:

#### **1<sup>st</sup> prize: Isabelle H**

The imagery is quite sophisticated and effectively touches the heart. It has an explanation, which is in a lot of depth. This explanation expresses a lot of time and dedication. It has covered examples and many facts from the knowledge gathered by the time taken to do some research beforehand.

Penwortham Girls'  
High School

2<sup>nd</sup> prize: Millie S

FROM MY RESEARCH, I FOUND THAT SPIRITUALITY IS ALL ABOUT THE HUMAN SPIRIT/ SOUL AND FINDING PEACE WITHIN ONE'S SELF. THROUGHOUT MY ARTWORK, I CHOOSE TO REPRESENT THIS IN MANY WAYS.

FIRSTLY, THE MAIN FOCUS OF THE PIECE IS THE PERSON SAT IN THE MIDDLE. I CHOOSE TO HAVE A RAINBOW SPIRAL COMING OUT FROM THE HEART BECAUSE, AS IT IS ALL BASED AROUND THE HUMAN BODY AND SOUL, I WANTED TO PORTRAY THE IDEA THAT EVERYTHING COMES FROM THE MIND AND THE HEART. THE PERSON IS ALSO MEDITATING AS THIS IS A WAY SPIRITUAL PEOPLE FIND PLACE WITH THEMSELVES AND THE WORLD AROUND THEM. THE YELLOW PART OF THE IMAGE CAN EITHER BE USED TO SHOW A RISING SUN AND THE WARM SAFE ENERGY IT GIVES OR CAN ALSO BE USED TO REPRESENT WINGS COMING OUT THE PERSON, INDICATING THAT THEY ARE FREE AND HAVE NO LIMITS ON THEIR SPIRIT.

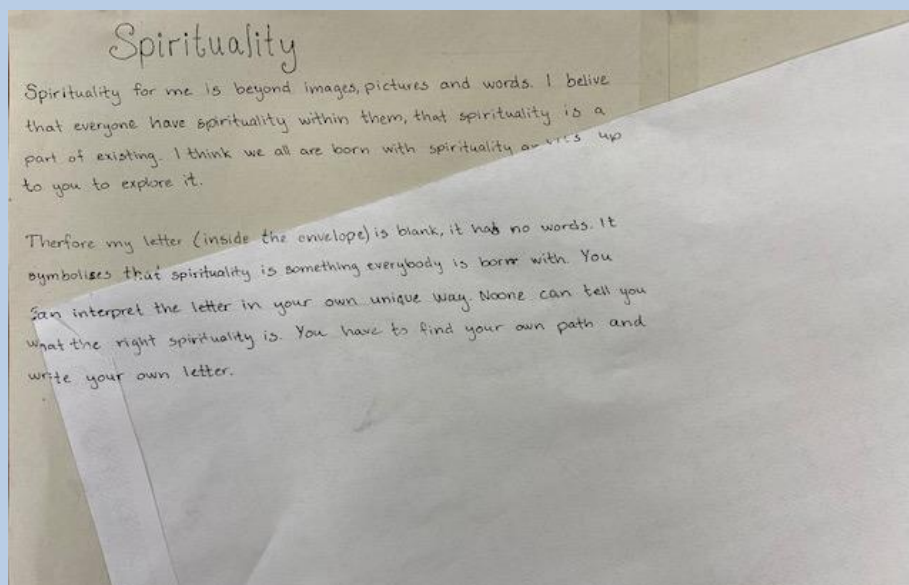

SECONDLY, I CHOOSE TO HAVE A TREE ON THE BACK AS IT REPRESENTS THE TREE OF LIFE. I HAVE USED IT TO SHOW HOW THROUGH SPIRITUALITY, PEOPLE CAN CONNECT WITH ONE ANOTHER THROUGH NATURE AND CAN DISCOVER MORE ABOUT THEMSELVES WHEN THEY COME TO PLACE WITH THEIR SURROUNDINGS. COMING OUT THE TREE, I NOT ONLY HAVE HEARTS AS LEAVES, BUT I ALSO HAVE CRYSTALS GROWING OUT FROM THE BRANCHES. HEALING CRYSTALS ARE ONE OF THE BIGGEST, MOST WELL-KNOWN PARTS OF SPIRITUALITY AS IT IS RISING IN POPULARITY IN THE MODERN ERA. MANY SPIRITUAL PEOPLE CHOOSE TO TURN TO CRYSTALS WHENEVER THEY ARE IN NEED OF HELP - FOR BOTH PHYSICAL AND MENTAL REASONS - AND PROVIDE A SAFE ENERGY FOR PEOPLE TO RELAX AND CALM ANY NEGATIVE THOUGHTS THEY MAY HAVE.

FINALLY, I HAVE INCLUDED TWO BUTTERFLIES ON THE PIECE TO REPRESENT FREEDOM AND BEAUTY. THE REASON I HAVE CHOSEN TO DO TWO IS BECAUSE ONE SYMBOLISES THE MIND AND HEART AND THE SECOND SYMBOLISES THE SPIRIT AND THE SOUL. BUTTERFLIES NOT ONLY REPRESENT THE SOUL BUT CAN ALSO BE USED TO REPRESENT THE POWER OF TRANSFORMATION (BEFORE AND AFTER SPIRITUALITY), A LIGHTNESS OF BEING, AND A HELPING HAND (WINGS OF GUIDANCE AND SAFETY). ADDITIONALLY, AS PEOPLE WORK THEIR WAY THROUGH THEIR SPIRITUAL JOURNEY, THEY BEGIN TO SEE THE BEAUTY IN THE WORLD AND THEMSELVES AS A PERSON, SIMILAR TO A BUTTERFLY AND THEIR BEAUTIFUL WINGS.

Amazing! You've really thought well about your design and have explained it really well!

She used vibrant bold abstract colours which portrayed the positive effects of spirituality. Her image represents true spirituality and the emotions that appear. Her meaningful explanation refers to imagery and shows deep thinking skills.

3<sup>rd</sup> prize: Saga G

## Spirituality

Spirituality for me is beyond images, pictures and words. I believe that everyone have spirituality within them, that spirituality is a part of existing. I think we all are born with spirituality and it's up to you to explore it.

Therefore my letter (inside the envelope) is blank, it has no words. It symbolises that spirituality is something everybody is born with. You can interpret the letter in your own unique way. No one can tell you what the right spirituality is. You have to find your own path and write your own letter.

Friday 5<sup>th</sup> November  
2021

Penwortham Girls'  
High School

Saga's piece of work is very well thought through and shows great philosophical talent. It explores that spirituality is beyond words and images. The presentation of her work and the explanation are both really deep and profound.

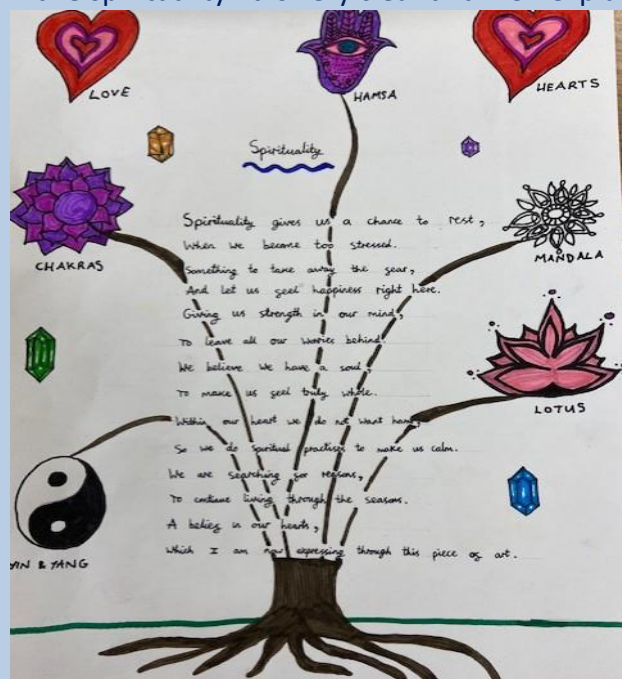

In my artwork, I have drawn a picture of a brain, an eye and a human heart. This is because spirituality is related to your inner self. Since spirituality is all about your soul, I think that your soul is almost a part of your heart, which is a reason why I drew it. Also, your heart is where all your initial feelings start from and is where your true beliefs are stored. The heart links to spirituality as its goal is to achieve inner peace which will come from your heart.

I drew a brain as another goal of spirituality is to open your mind as well as expand it. Your brain processes and develops the feelings from spirituality acts. I drew an eye as what you see is what you are influenced by. When you put the three together, they create a sense of calmness and are the key features to achieve spiritualism.

## 4<sup>th</sup> prize: Maryam B

Her artwork displays vibrant colours which contradict with the black that she used to show 3 key features that make spirituality. She explains how spirituality effects different aspects of your mind and how together they make spirituality. It is very clear and well-explained.

## 5<sup>th</sup> prize: Katie W

Katie uses her poetry and art skills to create an image of peace and tranquillity. Her work shows how spirituality can come in different forms and elements. She didn't have an official explanation but her poem created the meaning of spirituality hidden between the lines which is great as spirituality isn't an official religion, it's something hidden within our everyday lives.

## Animal Aid in Year 8

At the heart of everything we do in RS at PGHS, is the enquiry into what it means to be human. The year 8s have started their studies this year with the 'Introduction to Philosophy' unit. Students learn what an 'ultimate question' is, then explore a variety of responses to a series of philosophical questions. The first ultimate question we looked at was 'Are Humans Truly Unique?' which led us to the follow-up question of 'Are Humans Superior to Animals?'

Before answering the question, students had to rewind their minds back to the year 7 unit of work on the creation story. Here are the two Bible quotes at the focus of our learning, explained brilliantly by Niamh L in 8EHO:

This indicates that humans are superior as the way they are created was unique and special. Only humans were made with God's breath, not animals.

This suggests that humans are superior as they share God's qualities meaning they are more similar to God than animals.

One of the biggest challenges that students face when studying philosophy for the first time, is that unlike subjects such as maths, science and languages, the questions they study have no definitive right or wrong answer. Instead, they have to develop their evaluative skills to reach their own justified viewpoint. This involves studying a range of different theories. Sometimes, students can find it difficult to remember which group of people a theory belongs to. To try to embed the theories into their long-term memory, we decided to invite an animal-aid speaker in so that students could experience a contrasting viewpoint to the ones previously studied in class. The student's superb essays and recent feedback demonstrate that this was a great success! A huge thank you to Keith Berry who came into every single year 8 class to deliver a powerful talk and a Q&A session on behalf of Animal Aid.

Penwortham Girls'  
High School

6. Overall, how would you rate the session?

[More Details](#)

4.10 Average Rating

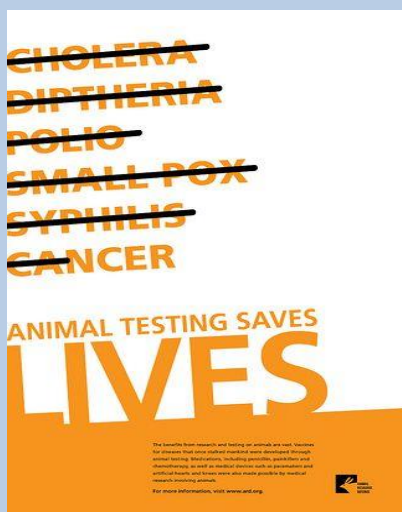

I was really fascinated about Keith's talk on animal testing because of the detail he went into about what is happening. He taught me a lot of things about animal testing that I did not already know. I definitely recommend this talk. (Chloe W)

I gave a 5 because before this lesson, I did not know that much about animal testing and now I do and I am happy I do because now I can be more aware of things that I buy and I understand more. (Emma D)

I really enjoyed listening to Keith talk about his views and ideologies and how passionate he is about this subject. I also like how he was honest when he said he'd take medicine knowing it'd been tested on animals rather than telling us to not take medicine because of this. (Eden F)

Many of the students initially found Keith's beliefs very convincing. However, at Penwortham Girls', we think it is crucial that students receive a balanced argument so that they have the freedom to make informed judgements. The next part of our journey focused on both the medical advancements, which would not have been possible without animal testing and the religious teaching of the "lesser of two evils". This linked the discussion back to where we started, with the philosophical question 'are humans superior to animals?'

When we are faced with a decision which requires us to choose between two difficult options, we refer to this as the Lesser of Two Evils....

SYNONYM: Lower / Minor

SYNONYM: Wicked / Harmful / Scary / Upsetting

"lesser of two evils"

Nobody wants to see animals or humans suffer. The government decided when creating the law on animal testing that even though it is upsetting to see the animals suffering, it is less upsetting than watching humans suffer as a result of untreatable diseases.

# Newsletter

Friday 5<sup>th</sup> November  
2021

Penwortham Girls'  
High School

The students thrived throughout the verbal debates and they were able to transfer these skills to the written assessment, "Animal Testing is Always Wrong" - Evaluate this statement." Here, you can see how they combined their knowledge from each of the sessions into a formal essay. Well done, Year 8!

Many people may agree that animal testing is always wrong because they may believe that animals should have equal rights to humans. Evidence that supports this is the fact that the animal testing law is out dated, being made in the 1900s. The reason this would suggest animal testing is wrong is because science and technology ~~have~~ has developed over the years and there are many other ways that you could test medicines and vaccines.

Some Christians may disagree and think that an animals life is of less importance than a humans. Evidence which supports this is the quote from the bible "God formed man of the dust of the ground, and breated into his nostrils the breath of life and man became a living soul. The reason this would suggest Christians may think animals lives are of less importance is because it said that god breathed the b reath of life into humans so that they had a soul but god didn't do the same to animals.

fantastic knowledge (mm)

Melanie W (Year 8)

In my opinion, animal testing is wrongy because it is not reliable and there are better ways to save lives that do not take away the animal's freedom. 90% of animal tested medicines do not go ahead, the animals life has been wasted. The animal testing law was last updated in 1986, since then, there are new technologies that do not harm animals. It is an unnecessary way to cure medicines that kills animals.

Hattie C (Year 8)

I believe that animal testing is okay because I believe that some animal lives are better to sacrifice to save many more human lives. I believe that animal testing is still cruel but better than harming humans. I think curing more humans is more important than saving the animals. I agree more with the Christians.

Holly W (Year 8)

## Creative Arts and Technology Faculty

### CAT Faculty London Visit Art, Photography & Textiles 2021 – Art & Technology

This year, 15 Year 11 students accompanied Miss Morris, Mrs Freer and Mrs Gerrard for a day visit to London. During the visit, students experienced a gallery visit to the Tate Modern, a trip around the Victoria & Albert Museum and lots of sightseeing around London.

The trip was a wonderful success and plans are already in place for the Year 10 residential trip in July 2022. Thank you to all involved. We hope you had a superb visit!

## Experimental Drawing and Print

Friday 10th December 2021 9:30am – 1:00pm

Following on from last year's very successful event, this workshop focuses on developing media by combining experimental drawing with print making. Drawing can be an expressive way to record what you see and this event aims to demonstrate how drawing can go beyond 'the pencil'. Using an architectural starting point students will use cutting tools, pens, inks, carbon paper and pencils to create mixed media 'drawings' which will be layered over a block print background, giving students the opportunity to work with our printing press. The work will be created in response to contemporary artists showing how drawing and print can be combined to create experimental and unusual outcomes.

For more details and to book places on the event contact  
**Kathryn Fawbert**, Schools Liaison Admissions Tutor,  
telephone 01772 643000, email [fawbert.k@runshaw.ac.uk](mailto:fawbert.k@runshaw.ac.uk)

## Photography - Working in the Dark

Tuesday 7th December 2021 9:30am – 1:00pm

In the developing world of digital photography, there are still some traditional techniques which can produce highly creative and expressive photographic work. This event will introduce students to working in the photography darkroom with a variety of media and techniques. Students will be taught how to work safely with chemicals and enlargers to produce different effects within the field of analogue photography. Our photography lecturers and technician will guide students through a range of processes, encouraging students to explore media beyond the digital world.

For more details and to book places on the event contact  
**Kathryn Fawbert**, Schools Liaison Admissions Tutor,  
telephone 01772 643000, email [fawbert.k@runshaw.ac.uk](mailto:fawbert.k@runshaw.ac.uk)

## Runshaw Horizon's Master Classes 2021

This term, a select group of Year 10 students will be invited to take part in two workshops at Runshaw College. The first workshop is on the 7<sup>th</sup> of December and is based on Photography using the Dark Room Facilities. The second workshop invites students to participate with an Art activity on the 10<sup>th</sup> of December.

We look forward to joining in with these fantastic opportunities.

## Literacy Festival Art Activities

As part of the Literacy Festival, some KS3 students took part in an 'Art & Words' session, supported by our alumni student, Miss Yates. We looked at how art and text can combine and we used colour gels to create some exiting photographic shoots. Later, we explored the oil pastel transfer process of using typography to create 'text portraits.' These portraits were a real success!

## Artist Focus – Jenny Holzer – Art & Text

Jenny Holzer is an American neo-conceptual artist, based in Hoosick, New York.

The main focus of her work is the delivery of words and ideas in public spaces and includes large-scale installations, advertising billboards, projections on buildings and other structures and illuminated electronic displays.

*Miss Morris*

## THE TECHNOLOGY DEPARTMENT

### KS3 Product Design- Language and Literature Week

In Product Design, the KS3 students looked at set designs based on Harry Potter and how the production designer developed the final Harry Potter scenes. They researched ideas for a new film or chose a favourite existing one and some even developed ideas based on their locked room mystery. They then made mood boards before creating 3D models of their set designs. Well done, some wonderful 3D models made!

## Textiles

As part of the Literature and Language Festival, students in Technology explored how Design & Technology played a crucial role in bringing the Harry Potter Novels to life in the productions of the films. Within all Key Stage 3 Textiles lesson, students looked into how costume design is vital to depict a character's personality. Students were tasked with designing costumes for characters within the books and then working as a team to model their ideas using old newspapers on the mannequins. We had some fantastic creations, which showed creativity and a flair for fashion design.

Students then used their graphic skills to design a badge for their form based on the designs for the houses from Harry Potter. Students created some fantastic designs, which reflected their forms' personality, whilst also considering some of the school core values.

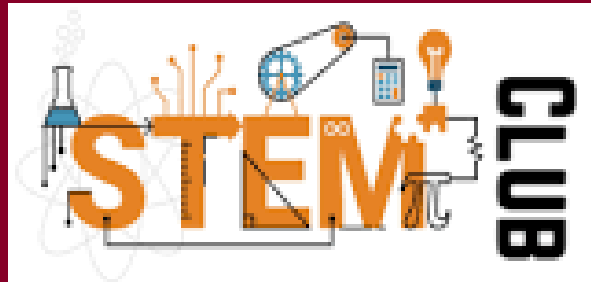

Mrs Freer, Technology Department

## STEM Club

- Do you enjoy Science, Technology, Engineering and Maths?
- Do you like to be creative and solve problems?
- Do you like to work as a team to design, develop and manufacture products?
- Do you like to fix or modify existing products?
- Do you look at real life problems and think how it can be solved or made better?

### **If YES, then you need to come to STEM club.**

We have a range of activities, challenges and competitions for all years to get involved in. Some of these include:

- Tomorrows' Engineers Lego Robotics Challenge;
- TeenTech competition;
- Wool4Schools Textiles competition;
- Engineering fairy-tale training with external STEM ambassadors;
- Working with feeder primary schools to run STEM workshops;
- STEM competitions with other local high schools.

Starting this **Monday, 8<sup>th</sup> November in room 34 (3.20pm-4.20pm).**

See Mrs Freer, Mr Dean or Mr Cheal for more information

**ALL WELCOME!**

Friday 5<sup>th</sup> November  
2021

Penwortham Girls'  
High School

### Key Stage 3 Computing

Year 7 students have been designing and creating their own game using Scratch. The game had to have a theme about healthy eating and had to educate others all about being healthy. They also had to include a variety of scripts, sprites and variables. Once completed, these games will then be evaluated and assessed. The games that have been planned are fantastic with a lot of imagination!

Year 8 students have been learning about internet-searching techniques. They have looked into a variety of research, including primary and secondary research, with the girls conducting their own primary research around the topic of aliens. They have started to produce some amazing information leaflets including persuasive vocabulary to inform audiences about whether aliens exist.

Year 9 students have been learning about advanced publisher skills. They have conducted some secondary research around magazines, looking at the designs of a variety of magazines and publications. They have reviewed these publications to generate ideas for their own magazine design. The girls carried out primary research into magazine designs and topics. They then analysed their findings and using this research, are starting to design their own professional-looking magazine. The girls have amazed me at the quality of the magazines created so far and I am looking forward to seeing the completed product. Later this half term, they are building on their python coding skills from year 8 and will be given taster sessions of GCSE Computer Science.

### GCSE Computer Science

Year 11 have been learning about algorithms, designing simple computer programs and then creating these using python. They have upcoming mock exams and in preparation, need to be focusing on previous theory completed in year 10. The mock exams will enable the girls to concentrate on any weaker areas as part of their ongoing revision.

The year 10 students have had a fantastic first half term and have been learning the theory behind computers. They have started to understand how all the components work together. The girls have completed some assessments and there have been some incredible results. Keep up the hard work!

Come along to room 50, Monday lunchtime from 12:45pm until 1:15pm! You will learn about programming and take part in a variety of cyber security challenges as the weeks progress with the potential to enter competitions nationally. Starting Monday 15<sup>th</sup> November! Sign up with Mrs Bennett, room 50 - only a few spaces, first come first serve!

## Anonymous Reporting for Students

Penwortham Girls'  
High School

If you have a problem at school or at home you can report it to a member of staff using **Impero Confide**. You can either report it using your name or anonymously.

When to report;

- You or your friend are being bullied
- You are concerned about another student in school
- A student, a member of staff or a parent has behaved inappropriately
- You need to talk to someone about a problem
- You have a suggestion to make school a safer and kinder place

You can find the Impero confide icon on the desktop of all the computers in school. Just click on it and you can send a message to a member of staff who can help you.

**You can send your message to**

Mrs Hall

Mr Ward

Mr Ramsdale

Mr Bowles

Mr Coogan

Mrs Goodwill

Mrs Cattanach

Mrs Singleton

Mrs McKeown

Mrs Cahill

## Head's Breakfast

Maryam B (Year 9), Natalie U (Year 8), Rosie Y (Year 8) and Maryam M (Year 10)

Fantastic help during open evening. (RE)

Maryam M (Year 10), Safurah H (Year 11), Dijeet K S (Year 11)

Dedicated time to judge the Spirited Arts competition at lunchtime. (RE)

Zahra N, Evie J, Priya S, Ressah B, Jaspreet K, Marwa A G (Year 11)

Going above and beyond to help with the book door decoration. (RE)

Naomi J, Amy B and Hana S (Year 10)

Fantastic Computer Science assessment

India A (Year 9)

India took ownership of our door decoration. She ensured that nearly everyone took part in making a book spine for our form book shelf. It was her idea to do a book shelf, so that everyone in form would have the opportunity to be involved. Brilliant idea! India gave up her breaks and lunchtimes to assemble the book shelf and it looks fab!

## Head's Commendations

Charlotte R, Heather P, Neve G (Year 9)

Consistently fantastic attitude to language learning in German.

Sara D (Year 7), Maryah D (Year 9), Gemma H (Year 9), Vanika M (Year 9)

Katherine W (Year 9), Jennah K (Year 9), Tasneem A (Year 9), Hannah B (Year 9), Fatima Z K (Year 9)

For the amazing contribution and design of the form door.

Gracie H, India A (Year 9)

A great effort with the house display for your French pen pal.

Hannah B (Year 9)

ANOTHER outstanding effort on a Geography homework! This time, the adapted animals of the hot desert biome. (Geography)

India A (Year 9)

Impressive time and effort on your adapted desert animal assessments. (Geography)

Molly T (Year 9)

An excellent piece of work on a desert adapted animal. Well done. (Geography)

Hanna S, Darcy P, Emily H (Year 10)

100% success and weekly skills grid for Autumn term. (Maths)

Abby L (Year 11)

Creative logo designs for the life skills tracker.

Discover your career in the NHS and  
Care with our new website

**[nhscareersnw.co.uk](https://nhscareersnw.co.uk)**  
Your future at the NHS and Care starts here!

Are you a student looking for Work Experience,  
Placement, Virtual events or Volunteering opportunities  
to support your career choice?

Whatever your skills, qualifications or interests, there is a career for  
you with us. You could work directly with patients, in hospitals, within  
an Ambulance Service, or in the Community.

Log in to explore the many different opportunities available to you.

**T LEVELS ARE A NEW QUALIFICATION  
AFTER GCSE THAT WILL TAKE YOUR FUTURE  
TO THE NEXT LEVEL!**

**T-LEVELS**  
THE NEXT LEVEL QUALIFICATION

**CARDINAL  
NEWMAN  
COLLEGE**

**80%**

Each T Level allows students to  
spend 80% of the course in the  
classroom, learning the skills  
that employers need.

**20%**

The other 20% is a meaningful  
industry placement, where you will  
put these skills into action, gaining  
valuable experience in the workplace.

**TAKE A LOOK AT [CARDINALNEWMAN.AC.UK](https://cardinalnewman.ac.uk) TO FIND OUT MORE  
ABOUT THE EXCITING T-LEVELS ON OFFER:**
