The Lion, The Witch and The Wardrobe – Year 7 Theatre Trip

On Wednesday, 45 Year 7 students were transported to the magical land of Narnia (via The Lowry Theatre in Salford) and were welcomed into a magical world of fauns, talking animals and witches. We were all impressed with the creative ways that the production brought C.S. Lewis' classic story *The Lion, The Witch and The Wardrobe* to life. The performance was enchanting and engaging and it felt as though we had all stepped through the wardrobe along with Lucy Pevensie and her siblings.

Here are some of our students' responses to the play:

"I loved the play and all the fun songs, but my favourite scene was when The White Witch introduced herself." Charlotte B, 7GFO

"The performance was really good and I really enjoyed it. My favourite part was when the children went into the wardrobe, because it looked like they were actually entering another world." Hannah S, 7RCH

Penwortham Girls'
High School

"The play was absolutely amazing! My favourite part was when Santa came on and started singing. It was really funny and I would definitely go again." Imogen C, 7RCH

"It was very magical and you felt like you were in a different world. I really liked the performance, especially when the children went in the wardrobe; that was one of my favourite parts." Saniya S, 7SSC

"I thought the show was amazing! My favourite parts were when the children all went through the wardrobe and when Aslan came back." Chloe A, 7RCH

The students all behaved brilliantly throughout the trip and it was lovely being able to experience live theatre again. We will be returning to Narnia later this term in our English lessons, focusing on the villainous character of The White Witch. Thank you to all the staff members who took part in the trip.

Phonics in Year 7

As part of our strategy to support student recovery from school lockdowns, the English department is delivering a phonics programme to every student in Year 7.

Phonics isn't just for Primary school children – it is something that we all use with a new or unfamiliar word. Phonics is the skill of breaking down (or segmenting) a word into its parts, then blending them together. Everybody uses this in their reading, writing and spelling when faced with new jargon or vocabulary. Many adults do this automatically so don't realise that they are doing it!

sounds	simple code	complex code	graphemes, or spelling alternatives, which are code for the sounds					
/s/	s snake	-ss glass	-ce palace	-se house	c (e i y) city	sc scissors	-st- castle	ps pseudonym

Extensive research has shown that even fluent readers will benefit from phonics refreshers to ensure that their knowledge of the building blocks of vocabulary is secure.

Currently, we are working on providing a series of videos on the English department's area of the website. Our intention is to provide parents with the help they need to support their daughters at home.

We'll update you with more news when this is available.

You're reading
to help children
in hospital

Thanks to you, children in hospital will be
able to read the best brand new books, and
listen to amazing storytellers!

Keep reading, raising and being amazing!
Thank you!

Last term, our Key Stage 3 students took part in Readathon. This is a national initiative with two fantastic aims: to improve children's engagement in reading for pleasure and raising money for worthwhile causes. This year, the money goes to funding children's wards on hospitals to enable them to provide reading books and live storytelling sessions for children in hospital. If you wish to know more about Read for Good, this is their website: <https://readforgood.org/>

During our Festival of Literature and Language, students spent a week beginning their English lessons with private reading and using their homework time to read for pleasure and collect sponsor money. Some individual students raised over £30 each! We are proud to announce that this initiative raised £895.37 for the Read for Good charity, and we also receive book vouchers for our school library. A big thank you to all students and their parents who supported Readathon in 2021.

Penwortham Girls'
High School

On Wednesday 19th January, *The Punctuation Show* came to Penwortham Girls' High School. Instead of their routine English lesson, the girls were treated to an hour of jam-packed entertainment. Barrie, the punctuation man, presented the rules of punctuation in a memorable and hilarious way. Barrie helped the students (and some teachers) to revise or learn the punctuation rules they need to apply in their writing through singing, rapping and interactive quizzing. If that wasn't enough, Barrie has kindly provided PGHS with his album for us to use in lessons and a Parents' Guide, which we have attached. You can find more resources and help on Barrie's website www.thepunctuationshow.com, and also find *The Punctuation Show* on YouTube. Who knew punctuation could be so entertaining?

You can download an album of songs to support their learning. Simply visit the website link <https://www.thepunctuationshow.com/parents/>. Once you arrive at the page, please insert the pass code '2@2' in the box provided. You will then arrive at a web page where you can download the album "Songs from the Punctuation and Grammar Shows". This is an album of educational songs, which sells on iTunes for £10.99, but has been kindly gifted to our students.

Online Introduction to UK Parliament

The whole of Year 10 had the opportunity to engage in a live online workshop delivered by staff from UK Parliament. During the session, students learned about the work and role of the House of Commons and the House of Lords. Students learned about the difference between UK Parliament and Government, the work of MPs and members of the House of Lords, how laws are made and how to get their voices heard.

As part of the session, students were fortunate enough to have the opportunity to engage in a live Q&A session with Katherine Fletcher, the MP for South Ribble. Across 6 different classrooms, students submitted questions about education, her views on current affairs and life after Covid.

The session proved to be really engaging and left all students with a good understanding of the basics of UK Parliament – perhaps inspiring some future politicians too!

Geography News

Hi everyone,

A new year and a new term in the Geography Department with all lower school years moving onto new areas of study.

Year 7 will shortly be using their knowledge on the weather to investigate hurricanes, with work on what an extra-tropical storm hitting Preston might be like. This will take the form of a news report, so will bring in creative writing skills.

Year 8 are working on development. This involves categorising countries into developing, emerging and developed using development indicators, before a study of Kenya and a look at aid.

Year 9 are looking at marine environments, which involves work on why the coast is crowded, world trade by sea routes and the destruction of marine ecosystems, such as coral reefs.

The Geography Libraries

A reminder that the Geography Department have both a small physical and a virtual library that students can access to read further around the subject they are studying.

Outside Room 39, students can find books on maps, oceans, travel, mountains and many more. Have a look, find something you fancy and bring the book to Mr Bowles to sign out. New books have been added recently, all related to recent topics of study.

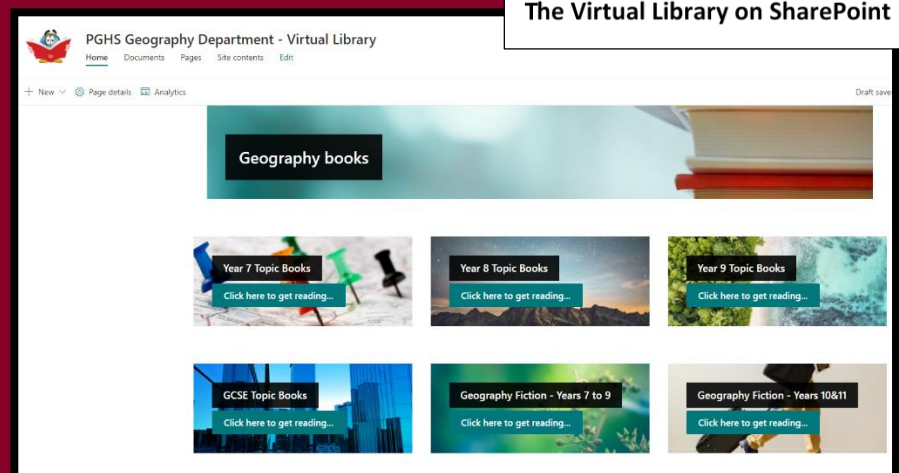

In the SharePoint of their school Office 365 account, students will find the Geography Virtual Library (once in SharePoint, you can search for it).

Here, students will see separate pages for each year group containing suggested reading for those keen and interested Geographers. Clicking on a book cover will give you a sample of the book, usually about 20-30 pages, and if you like it, you can track it down on Amazon, second hand on eBay or at your local bookshop.

Females in STEM event with Siemens

A Females in STEM / Tech virtual evening event is taking place on **Thursday 27th January from 5:00pm - 6:00pm** with one of the biggest technology / engineering companies in the world - Siemens.

Siemens is a technology company focused on industry, infrastructure, mobility and healthcare. Creating technologies from more resource-efficient factories and resilient supply chains to smarter buildings and grids, to cleaner, comfortable transportation and advanced healthcare, the company empowers customers to transform the industries that form the backbone of economies, transforming the everyday for billions of people.

In fiscal 2020, which ended on 30th September, 2020, the Siemens Group generated a revenue of €57.1 billion and a net income of €4.2 billion. As of 30th September, 2020, the company had around 293,000 employees operating in more than 200 countries.

They will be giving us a well-rounded overview to the company, which as you will find out, has so many different operating divisions. They have a wide range of opportunities in business, engineering, finance and technology.

If you would like to hear more about careers at one of the biggest companies in the world driving change and innovation on all levels of life, this event is for you!

Brilliant Behaviour

It may seem odd to start this bulletin by talking about behaviour that isn't brilliant, however homework is the most common reason why students get negative marks. And yet, each week there are so many students who are awarded the Homework Champion medal for going the extra mile with their homework. So, I wanted to throw the spotlight on them!

402 students, drawn from every year group have been awarded the Homework Champion just this week, and at the time of writing Year 7 have accumulated the most (168), but Year 11 are on 77 which puts them in second place. This shows that they are working hard on their studies at home too; great to see!

So, who are the homework stars this week? Students with the highest number of points are:

Y7 – Jade B, Mia-Grace C, Hettie C, Faatimah V

Y8 - Grace B

Y9 - Lois F

Y10 – Louise P

Y11 – Zahraa K

Well done to these students!

To round this bulletin off, can I remind parents that if your daughter struggles for any reason to complete homework, perhaps because of commitments outside of school, there is support available in school. We have a dedicated, supervised homework club every lunchtime in a computer suite. The library is also available, and several departments run lunchtime drop ins where students can get help and a quiet space to complete their work. Please encourage your daughter to make use of these opportunities or get in touch with your daughter's tutor or head of year and we can help to get the support in place.

Talking to Your Child about Online Sexual Harassment: A Guide for Parents

In recent years, young people are spending increasing amounts of time on social media, and this has been exacerbated by the COVID pandemic. As a consequence, this has increased their exposure to the risk of online harm. I am writing to you to share information about a recent report published by the Children's Commissioner for England, Dame Rachel de Souza. In March 2020, many young people took part in a survey called 'The Big Ask' where they were invited to share their experience of harassment, online abuse, and peer on peer abuse. The findings showed that many young people encounter harmful behaviour including sexualised comments and sharing of nude pictures.

The report found that many young people do want the support of their parents but can find it hard to start the conversation. As a result of this, the Children's Commissioner has produced a report called 'The Things I Wish My Parents Had Known'. It has been written in partnership with young people and is aimed at supporting a conversation at home about this type of abuse. The key message from the report is to talk early and talk often. I have included a link below to the report and attached the documents to this information, so that you can access what is very useful guidance.

[Talking to your child about online sexual harassment: A guide for parents | Children's Commissioner for England \(childrenscommissioner.gov.uk\)](https://childrenscommissioner.gov.uk/talking-to-your-child-about-online-sexual-harassment-a-guide-for-parents)

In addition to this guidance, I would like to coordinate an information-sharing event, where professionals who work daily in online abuse can share further information and ask questions. Furthermore, as a school, we want to devise a parents' forum to address online safety issues. If you would like to participate in the forum and/or attend the information-sharing event please use the link below;

<https://forms.office.com/Pages/ResponsePage.aspx?id=GkARh27PckqAhRMK-PwjQnN1-oRBBE5AvkJEi0rTK01UNKFVR0NORTHZM1hUMUZBVVdLUDRHsKNarI4u>

On our school website under the Safeguarding section, you will find a poster and parent guide
