The PGHS STEM Festival

At Penwortham Girls' High School, we know that schools have a far bigger role than simply teaching your daughter the knowledge needed to pass their GCSEs.

As set out in our mission statement, we want our students to become articulate, independent, questioning, and tolerant young people; ready to face the challenges and seize the opportunities of life.

As such, we have an ambitious and carefully planned wider opportunities programme of clubs, societies, visits, residential trips and in-school experiences. This programme is closely aligned with our termly festivals.

During the Autumn term, we hosted our Festival of Literature and Languages, a fortnight crammed with acting, debating, writing and reading related events. In the final weeks of the Summer term, our school production of 'The Sound of Music', along with Sports Day and our annual Passport Walks, will be the highlight of P&A22 (Festival of Performance and the Arts).

This term, we are hosting our first STEM festival, from Monday 28th February to Friday 11th March. A celebration and exploration of Science, Technology, Engineering and Mathematics. As well as an extensive in-school programme of activities, we are also offering every student in Years 7 to 10, the opportunity to experience a school trip; which sadly due to Covid has not been possible for the past two years. Visits range from trips to Blackpool's Sealife Centre and Zoo, to opportunities to learn at The Holocaust Exhibition and Lancaster University.

As we only received the Covid 'green light' for these visits in the past week, we need to confirm bookings with all of the venues and coach companies as soon as possible, ideally before the half term. To ensure all these trips go ahead as planned, we are asking parents to return reply slips and make payments as quickly as possible.

Bedrock vocabulary learning at Penwortham Girls' High School: January 2022 Report

We use Bedrock with all classes in English at Penwortham Girls' High School to improve literacy and empower voices. The programme encourages students to read more whilst immersing themselves in academic vocabulary. Engaging in fiction and non-fiction prose, introduces words in context, encourages more varied reading and increases cultural capital. Regular use of Bedrock will make students' written and spoken language richer at the same time as building their confidence to tackle challenging texts.

Language is the foundation of all learning: the
Bedrock.

CLASS LEADER BOARD:

8pg/SIB	The total number of points scored was 2192.

Dance Workshop at Runshaw College

On Friday 21st January, 6 of our Year 11 GCSE Dancers attended a Dance workshop at Runshaw College where they had the opportunity to learn choreography and perform with a professional dancer. The choreography was from 'A Linha Curva', which is one of the professional works they are studying on their GCSE Dance course. This was a fantastic opportunity for the students and they all worked so hard and performed exceptionally. Well done to all who took part!

Christmas Baking

In our last week of Term 1, Mrs Gill teamed up with Mrs Scott in Food Technology and they organised a German Christmas baking club after school. It was incredibly popular but, unfortunately, we only had space for 20 students so we pulled names out of a hat and the lucky 20 girls got the opportunity to bake some delicious German bakes. Firstly, the students had to read a recipe in German, match up the English and German instructions and then read through them to understand what to do. Once everyone knew what the process and instructions were, we began the baking. We baked some lovely German gingerbread biscuits and then decorated them. The students had a fantastic time and the biscuits looked and tasted amazing. Well done, everyone! As this club was incredibly oversubscribed, we will be running another MFL baking club to give others a chance to take part so watch out for that!

Year 7 Wanted Posters

This term, Year 7 have been working on our new unit of work, which involves learning all about how to give information about animals, pets and family members. We have been working on learning about whether words are masculine, feminine or neuter and learning the definite and indefinite articles and also the plural forms of the nouns. To complement our learning, we have all made 'wanted' posters for our pets. Unfortunately, our pets escaped one night and ran around Penwortham so our students have put up 'wanted' posters to try to find them again! The students gave a detailed description of their animals and wrote about their personality and special powers that they possess in German, even offering a 'Belohnung' (a reward) in a bid to get them back! They also enjoyed practising 'superpowers' in groups, explaining what their animals can do. Looks like "Niamh kann fliegen!" (Niamh can fly!)

German Spelling Bee

The German Spelling Bee is a national competition that brings together Year 7 students across the country to compete in their German spellings. Students must try to spell as many words in German in one minute and move through the different rounds. Congratulations to our Stage One German Spelling Bee winners! These girls have worked tirelessly to learn all 50 words for Stage One and performed incredibly in their individual Stage One final. Each girl had to reply with the German translation of the English word given and then spell it out using their German alphabet. They each did as many as they could within one minute – I think you can agree that's very impressive!

These girls now move on to Stage Two where they will learn an additional 100 words for the school's final, where the winners will be moving on to the regional final in Manchester. We cannot wait to head to this competition and show everyone how well we are doing!

French Penpals

Year 8 and Year 9 French were very pleased to receive replies from our French penpals. We got some lovely Christmas cards and letters which arrived throughout December and January. As always, we are so impressed with their English and love receiving real letters. We are already busy writing back to them.

This term, Year 9 have practised asking for food in a café and used the future tense to plan for a special weekend in Paris. Madame Raine was impressed with how well they did in their Speaking assessment. Bravo!

Year 8 are learning how to talk about their typical school day, uniform and are discovering what differences and similarities there are between French and English schools.

Blooket

Students have enjoyed practising vocabulary using Blooket for homework and we have had the opportunity to use iPads in lessons too. Some students are incredibly competitive!

MFL Speaking Mocks

Year 11 took on the challenge this half term of our French and German speaking mocks. We are super proud of them all as it was their first experience of a formal speaking exam. All of our students gave their best, tackled the role play, photo card and conversation with confidence and all had lovely pronunciation and intonation throughout. Well done to everyone, the MFL team are proud of you!

Brilliant Behaviour

Our students continue to accumulate vast numbers of positive points and at the time of writing, were up to an impressive 14460 points. This is almost 5000 points more than the last time I reported on this! The rolling totals for the year are shown below and Year 7 are leading the way on positive points, with Year 9 still close behind.

YEAR LEADERBOARD	
01/08/2021 - 03/02/2022	
Name ↓	Positive
Year 7	14460
Year 8	11303
Year 9	12208
Year 10	9677
Year 11	6895

I'm throwing the spotlight on a group of Year 9 students who have been working so hard this term that they've recently gathered enough positive points to gain the Gold Certificate. An amazing achievement and congratulations to these students (it's a large and impressive list).

Getting the Gold Certificate requires a student to get 75+ positive points, so I'm sure there will be many more students across the school hitting this target in the future.
